PROFESSIONAL SUMMARY

Aspiring Java developer with a detail-oriented approach and a passion for creating efficient and maintainable software. Experienced in collaborative project work during college and internships. Proficient in data structures and algorithms, I am eager to contribute to dynamic projects, leveraging my quick learning and problem-solving skills for impactful solutions.

INTERNSHIPS AND CERTIFICATION

Android Developer Intern	The Sparks Foundation	Apr 2021-May 2021
--------------------------	-----------------------	-------------------

- Developed clean, efficient, and maintainable code in accordance with established standards and best practices.
- Proficient in communicating with relational databases and performing various operations, including CRUD (Create, Read, Update, Delete) operations.

CERTIFICATION

- Demonstrated proficiency in Java programming fundamentals through successful completion of HackerRank's Java Basic Certification.

LANGUAGES AND TECHNOLOGIES

- Front end-Basics of HTML, CSS and Js
- Back end-Java (Both SE and EE)
- Frameworks and tools -Spring Boot (Learning), Spring Core, Postman, Sublime Editor, Eclipse and Visual Studio
